Cat 6 U/UTP solid installation cable without pair splitter, LSZH, CPR euroclass DCA, 24AWG, violet 305 meter

ACT Cat 6 U/UTP solid installation cable without pair splitter, LSZH, CPR euroclass DCA, 24AWG, violet 305 meter:

The XS6003 Cat 6 U/UTP solid installation cable with full copper conductors comes without a pair splitter/crossfiller. The big advantage is that this cable is thinner than cables with a pair splitter. The diameter of the U/UTP cable is only 5.1mm; thus it is space-saving when bundling multiple cables. Because of the more flexible cable and the thinner diameter, the cable is easier to process while installing the cable through a tube. The installation of connectors is also a lot more convenient on cables without a cross filler.
